SUMMARY

Aspiring computer science student with a strong foundation in programming, algorithms, and data structures. Adept at problem-solving and eager to apply theoretical knowledge in real-world applications. Experienced with multiple programming languages and passionate about web development and cybersecurity. Never want to stop learning and even ready to push my limits to achieve the set of skills and knowledge needed for the job requirements.

PROJECTS AND INTERSHIP

- Developed a Travel Management System project using HTML, CSS, JavaScript, SQL and Java on NetBeans
 - Developed a Billing System project using Python and SQL
 - Created a website using React, HTML, CSS, and JavaScript which helps users to analyze their text quickly and efficiently
 - Successfully completed an online internship offered by 'Kytes by Product Dossier' and learned a lot about Cyber Security and OWASP Top 10.
 - Attended a Cyber Security and Ethical Hacking workshop by IEEE hosted by Ajinkya Lohakare, CTO of Ditto Security Innovations
-
